Dear Dr. Setiani,

Thank you for contacting the American Society of Civil Engineers to obtain a reviewer certification letter. This letter confirms that you reviewed a manuscript for the *Practice Periodical on Structural Design and Construction*.

The success of our journals depends in large part upon the knowledge and dedication of our reviewers. Thank you very much for your contribution to the *Practice Periodical on Structural Design and Construction*. We look forward to working with you in the future.

Sincerely,

Michelle English
